

September 11, 2017

Dear ICA colleagues,

In the summer of 2016 the collaboration and friendship between the Clore Music and Dance Centre and the ICA foundation started. From your contribution we were able to equip our recording studio with state of the art equipment. This studio is the only facility northern than Haifa that allows a full ten or more players band to play in a live recording at the same time and has the highest quality of technological capabilities of recording.

During this period of time the studio has become a centre of attraction for a vast array of people in the community ranging from students experiencing a recording of their music to adult artists recording albums. This studio allows members of the community to learn new skills by taking courses in sound and recording.

In addition to the recording studio, your contribution has enabled us to upgrade the dance hall with a new lighting and sound system that now enables us to have dance shows and workshops, including a sold out seven show members series. These workshops allows our dance students to have lesson with top teachers from Israel and around the world.

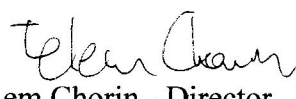

The collaboration between the Upper Galilee Regional Council, the Clore Music and Dance Centre and ICA allows us to position ourselves as technological and educational leader in Israel in general and especially in the north region of Israel.

We wish to express our sincere appreciation and ask for a continuation of our fruitful relationship.

Sincerely yours,

Giora Salz - Chairman  
Upper Galilee Regional Council

Telem Chorin - Director  
The Clore Music and Dance Centre
