To:  
Zeev Miller  
ICA CEO

Dear Zeev,

We would like to thank you and express our appreciation for ICA's sound a lighting system donation to the Clore for Music and Dance Centre.

The collaboration between ICA and the Clore Music and Dance Centre started 18 months ago with the establishment of the advanced recording studio. This studio continues to grow and provide sound recording infrastructure that was not available for the residents of the area in the past .In addition, the studio provides additional income to the center that allows to fund other activities.

This year the collaboration expended to include the dance field with the contribution of the sound and lighting system installed in the ICA's dance studio. By doing so we were able to start a subscriber program which enabled us to invite top of the line artists to preform and teach in the studio. An option that was not available in the past due to high costs of lighting and sound.

ICA has a large part of the great success of the dance series that shows great promise to expend next year for the benefit of the residents of the Upper Galilee.

ICA's contributions are now a significant part of the Clore Music and Dance Centre which is a cultural community meeting point with its dance, chamber music and literature series.

We hope that our collaboration will continue and grow and look forward to your visit in the Clore Centre at October 2018.

Best regards,

Giora Salz  
Chairman  
The Upper Galilee Regional Council

  
Telem Chorin  
Director  
Clore Music and Dance Centre
